

Position Available: Regulatory Affairs Project Manager  
ERA Consulting und Pharmaberatungs GmbH  
Our Ref: ERA/DE/APP/43 Date: 7<sup>th</sup> December 2004

## POSITION AVAILABLE

### Regulatory Affairs Project Manager

With office locations in London (UK), near Hanover (Germany), Washington DC (USA), and Brisbane (Australia), a highly experienced team and a proven track record of success, the ERA Group is one of the foremost consulting organisations dedicated to the development of biotechnology-derived medicinal products and other biologics. Alongside product development consulting, we also offer high-level strategic regulatory affairs consulting services in this field. Our clients range from smaller biotech start-ups to the largest international pharmaceutical companies.

The successful candidate for this position should have the following qualifications and skills:

- A degree and higher degree (Masters or Ph.D.) in a relevant subject (e.g. cell biology, biochemistry)
- Good writing skills (English) and computer literacy (word-processing, databanks etc.)
- A dynamic personality with good interactive skills and team spirit
- Preferably some experience in industrial biotech product development and/or regulatory affairs

This position will be suitable for a very talented scientist to enter the challenging field of regulatory affairs and, after acquiring sufficient experience, to assume responsibility for development projects within our international organisation. According to the amount of experience, a period of training in our London facilities may be necessary.

#### APPLICATIONS:

Applications should be addressed to:

Mrs Sabine Husmann-Holloway  
Group Chairperson and Chief Executive Officer
